At Yelarbon State School, we implement You Can Do It! Education to optimise the social, emotional, and academic outcomes of all of our students. You Can Do It’s unique contribution is in identifying the social and emotional capabilities that all young people need to acquire in order to be successful in school, experience wellbeing, and have positive relationships including making contributions to others and the community (good citizenship).

The core purpose of YCDI Education is the development of young people’s social and emotional capabilities, including:

1. Confidence (academic, social)
2. Persistence
3. Organisation
4. Getting Along, and
5. Resilience.

At Yelarbon State School, YCDI Education is:

- The foundation of our school culture
- Ubiquitous by nature, built into everything we do
- Explicitly taught
- A key element of our Responsible Behaviour Plan for Students, our Positive Behaviour System and our Learning and Wellbeing Framework
- Promoted to parents and community through our school newsletter and our school website
